

### 2022 MYA MD AGM Webmaster report.

The MYA Midland District website remains the main communication tool for our skippers whilst direct email to the club secretaries is dealing with the district business.

We now feature most of the district events on the website with NOR's through to race reports and results. The Midland District series also has a dedicated page for the overall series scores and champion skippers. This will be updated as each series concludes at the end of the season.

Last year we created the Midland District YouTube section on the MYA YouTube channel, and this has been added to during the year with two further club introductions, namely Watermead MBC and Two Islands RYC. We have also featured a couple of the Midland District events; in fact, we are the only district doing this so far. I would like to see this built on this again during 2023 with the other Midland District clubs not so far featured being added to the list.

I also asked if someone would help with posting information to the Midland District website, and Paul Barton offered to help and he was co-opted, so thanks for that Paul.

As before if you would like to send details of your event or have an interesting sailing related article, please get in contact.

Talking of contacting the District webmaster we have a dedicated email address [mya.md.webmaster@gmail.com](mailto:mya.md.webmaster@gmail.com). Please use this for all things to do with district communication.

#### Midland District Committee.

I am happy to stand again in the position of MD webmaster for 2023.

I was also a District Trustee for 2022 and as the current committee has been active in all district rolls, I have not had to act as the Trustee during the year.

Gordon Sears.

MYA MD webmaster.
