### Race Management.

The Rat team originally introduced by Darin B has been well used during the year and it will continue to be available to any of the district clubs who are putting on a MYA event and feel that they need help.

You can also call on us to help with any of the MDCS and IOM winter series races to support the host clubs officials we are likely to be in attendance as part of the race entry anyway.

Gordon S thanked the team for their efforts.
