Report to Council January 2014

Officers

The MD held its AGM on 22 September 2013 at Manor Park following the conclusion of the IOM Summer Series. The appointment of Bill Green as Councillor and Paul Stubbs as Secretary was confirmed. There were no major issues arising from the AGM. Dates and venues were agreed for the forthcoming IOM Winter Series and dates and venues agreed for the other class District Championships. All information was forwarded to the Racing Sec for inclusion into the published programme.

Sailing Activities

The IOM Summer Series was again well received and attended and the Winter Series set up. The intention is to include as many different venues as possible into both series. Inter Club racing has been mooted and is strong possibility for closely located clubs.

The Race Team has been active throughout the season and will continue to fulfil that function for 2014 Season providing assistance wherever needed.

Development

In conjunction with the Development Officer work has begun on creating Power Point presentations for use at a new clubs. An exchange of material has taken place by email that has created workable material and the intention is to use it on a trail basis at a presentation being made to a potential new club in Birmingham. The Eastern District is doing similar.

Input will be provided into the development of both new member and club welcome packs

Items for raising at Council
