

### 2023 MYA MD AGM Webmaster report.

The MYA MD website has been updated with events and race reports etc throughout the year, and the traffic levels have been slowly increasing with some events like our first trip to Blithfield SC for the DF95 open and a reporters visit to the DF95 Global at Fleetwood MYC being of wide interest to not just the MYA skippers but 10 other countries around the world looking at our website.

I have also been slowly adding some of the Midland District Committee and AGM documents history to the "District Administration" tab and it now goes back to 2005. There are some documents missing I have not managed to find, and if any of the past MYA Midland District secretaries or district club secretaries have any District AGM documents, I would be please to have a copy so that we can rebuild the document library.

I have managed to add to the Midland District YouTube section on the MYA YouTube channel, and we now have 4 MD clubs featured amongst the 15 videos on our channel. If you would like your club featured, please let me know so that we can put together a short introduction and get your club onto the list.

As before if you would like to send details of your event or have an interesting sailing related article, please get in contact.

Talking of contacting the District webmaster we have a dedicated email address [mya.md.webmaster@gmail.com](mailto:mya.md.webmaster@gmail.com). Please use this for all things to do with district communication.

### Midland District Committee.

I am happy to stand again in the position of MD webmaster for 2024.

I was also a District Trustee for 2023 and as the current committee has been active in all district rolls, I have not had to act as the Trustee during the year.

Gordon Sears.  
MYA MD webmaster.
